Brief about the Program (Activity/Event)	The Session is most important to girl students to get involved in the karate which is capacity for self-defence that she will develop. In today's increasingly violent world, crime can strike anywhere. Women are often times the target of sex crimes and not knowing how to defend themselves, it can scar a young girl for her entire life. Being able to know how to defend is an invaluable tool as she grow up, taking her skills with her to college, it gives not only her but also her parents a feeling that at least their daughter is safe.
