

Expert Lecture Report

Title of Program	Expert Lecture on "Breaking and Protection Devices-Energy Distribution"
Objective of Program	Learn students about the regarding various equipment of Switchgear and its working and Energy Distribution.
Addressed PO/ PSOs	PO1,PO2,PO3,PO4,PO7,PO10,PO12
Date of Program	17/03/2022
Venue	GCOERC,Nashik
Organised By	Electrical Engineering Dept.
Program In-Charge	Mrs.N.J.Bhamare
Program Approved by Principal/HOD	HOD
Supporting Staff Member	Mr.T.J.Bharambe
Photograph/Video Available	Photograph available
Nature of Photo Submission (Soft/Hard) & To whom	Soft Copy
Brief about the Program (Activity/Event)	<p>Students Learn about the Basics of Electrical Engineering. (Voltage, Current, Power, Impedance and Reactance.) The Basics of Circuit Breaker and its function. Information about overload current, Short Circuit Current, Making and breaking of circuit Breaker. Learn about How to Protect the device when Fault occurs in the system.</p> <p>Information about production and development of Equipment's, how to manufacture. We see the protection schemes which we used in Industry. Then we see Process of Generation, Transmission, Distribution.</p>
Name and Sign of Program Incharge	Mrs.N.J.Bhamare 
Name and Sign of HOD	Dr.H.R.Chaughule 

Name and Sign of Vice Principal	Dr. S.D. Kalpande 
Name and Sign of Principal	Dr. Neelkanth G. Nikam 
Remark	The activity was appreciated

Electrical Engineering Department

Name Of The Students	Year (SE, TE, BE)	Roll No.	Are you able to apply the knowledge of mathematics, science fundamentals to get the solution for different engineering problems.	Can you identify, formulate and analyze different Electrical Engineering problems and reaching sustained conclusion using the principle of mathematics, natural sciences and engineering fundamentals.	Does it help in Designing the solutions for different electrical engineering problems, components or processes that meet the specified needs with appropriate considerations & social aspects.	Are you able to use knowledge of Electrical Engineering which includes design of experiments, analysis and interpretation of data and synthesis of information to provide valid conclusions.	Are you able to understand the impact of professional engineering solution in social and environmental context and demonstrate the knowledge, and need for sustainable development.	Can you communicate effectively in professional engineering activities with society to understand and write effective reports, presentations with clear interpretation	Can you recognize the social needs and prepare it for lifelong learning in the growing technological change.	Have you understood the information given by the Mr. Rasal Sir	The basics of Electricals cleared?	Have you understood the Basics of Circuit Breaker	Any Suggestions
