Brief about the Program (Activity/Event)	<p>Computer Engineering Students' Association organized a "Technical Coding Competition". It was open for all the departments including first year. The contest consisted of 2 rounds; first round was of objective questions which had various types of coding questions. The second round was purely coding hands on in which students needed to code in their selected programming language and pass the test cases. The round 1 started at 11.00am and ended at 11.45am. The round 2 started at 12.15pm and ended by 1.00pm. After both the rounds ended, result evaluation was done in with top 2 winner were selected from 1st year and top 3 were selected from all the branches. A prize distribution event was organized just after the coding event.</p> <p>The guest of the day was felicitated by the COSA members, briefing of the event was done by Ritesh Pawar, President COSA. The prizes were then distributed. The competition winner form 1st year department was Muskan Shaik. The competition within the all department was won by Iqra Inamdar. At the end vote of thanks was given by Gayatri Rahane. The event was then successfully concluded.</p>
