Report on
Training/Workshop/Expert Session

Type of Program	Technical Session
Title of Training/Workshop/Expert Session	"Advance Trends in cyber security"
Objective of Program	The main objective of this session is Security of computer networks and systems is almost always discussed within information security that has three fundamental objectives, namely confidentiality, integrity, and availability.
1. Po Attended:	PO5, PO6
Module of Training & Its Content	Training has covered following contents in it Concept of cyber security, Parts of hacking and networking Flat form source
Target Group	FE - A · B · C
Number of Students Attended Session	82
Date & Duration of Training	02/02/2023, 03/02/2023
Name of Expert	Mr. Akshay Jain
Details of Expert	Assistant Professor Computer Department Guru Gobind Singh College of Engineering and Research Centre, Nashik
Brief about the Training/Workshop/Expert Session	This programme was conducted by Mr Akshay Jain. He explain concept of cyber security, hacking process, types of hacking, encryption. He also explain network and computer related services. By investing in cyber security tools, financial firms can better protect their systems from hackers. They can also use encryption to keep sensitive data safe. Integrating cyber security into their IT practices will also help them identify and respond to any vulnerabilities before they become a threat. Cyber security is important because it protects all categories of data from theft and damage. This includes sensitive data, personally identifiable information (PII), protected health information (PHI), personal information, intellectual property, data, and governmental and industry information systems.

***NOTE: - The feedback should be submitted by the Trainer within 2 days of the training session.**
Program Outcomes (PO's attained): -

Sr. No.	PO No.	PO attained	attained
1	PO5	At what level you are able to create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modelling to complex engineering activities with an understanding of the limitations.	2.36
2	PO6	At what level you are able to apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.	2.45
3	-	How would you rate the content delivered by the Trainer/ Expert?	4.06
4	-	At what level your doubts are resolved / answered by the expert?	3.94
5	-	How would you rate the overall session?	3.91
6		Did you understand the necessity of time management?	Yes
6	-	Will you recommend this session to others?	Yes
