**Report on
Training/Workshop/Expert Session**

Type of Program	Technical Session
Title of Training/Workshop/Expert Session	"Advance Web Services"
Objective of Program	The main objective of this session is web services allow different organizations or applications from multiple sources to communicate without the need to share sensitive data or IT infrastructure. Instead, all information is shared through a programmatic interface across a network.
1. Po Attended:	PO6, PO12
Module of Training & Its Content	Training has covered following contents in it 1.Cloud computing 2.Web page design 3.Admin banner and user banner 4.Data base designing 5.Working of AWS
Target Group	FE
Number of Students Attended Session	119
Date & Duration of Training	25/01/2023,02/02/2023
Name of Expert	Mr.Bhalerao Sir
Details of Expert	Assistant professor Computer Department Guru Gobind Singh College of Engineering and Research Centre, Nashik
Brief about the Training/Workshop/Expert Session	This programme was conducted by Mr Yogesh .Bhalerao. He explain traditionally, a developer looking to build an application had to procure, set up, and maintain physical infrastructure and the application. This is where cloud computing comes in cloud services platform provides rapid access to flexible and low-cost IT resources that you can use to build and maintain software and databases, and create applications to delight customers. You don't need to make large upfront investments in hardware and spend a lot of time on the heavy lifting of managing that hardware. You can access as many resources as you need, almost instantly, and only pay for what you use. On-demand, pay-as-you-go access to services is fundamental to the cloud computing model.
