

Project Exhibition of First Year Students

Guru Gobind Singh College of Engineering Organised Project Exhibition

Guru Gobind Singh Engineering College of Guru Gobind Singh Foundation is leading engineering college in Nashik. An exhibition of projects created by the children was organized with the aim of giving scope to the various talents and innovations of the children from the first year.

Principal Dr. Neelkanth Nikam inspired the educational progress of children through such activities on the occasion of the inauguration and wished the organizers to implement similar activities to inspire children in the future. This project was organized under the guidance and coordination of Prof. Sandip Patil and Prof. Pritam Kudale. These projects were examined by T&P Head of the College Shri. Madhukar Dubey.

Head of Department, faculties and students received valuable assistance in this program. The Management of Guru Gobind Singh Foundation congratulated the students, organizers and the department for the successful completion of this program and encouraged to conduct similar programs in the coming semester.
