Visit to Balaji Waterfalls

Organized by

Organized by
Department of Civil Engineering

Guru Gobind Singh College of Engineering & Research Centre, Nashik

Date- 03-01-2023

Date: 3rd January, 2023

Event Schedule:

Date	Time	Description
03 Jan 2023	11:00 AM - 02:00 PM	

Dear All,

Objective:

1. The objective of the site visit is to enhance the practical knowledge related to the surface features like out crops, faults and caves formed due to the head ward erosion of water waves.
2. To learn geomorphic features formed by fluvial, marine processes and their role, Indian stratigraphy and historical geology in civil engineering projects.

Outcome:

Students will be able

1. Recognize effect of plate tectonics, structural geology and their significance and utility in civil engineering activities.

PO Statement:

P02, P012

P02 Attainment out of 3 = 2.42

P012 Attainment out of 3 = 2.17

Speaker Details:

Mrs. Pallavi Padalkar (Faculty of Civil Engineering)

Feedback

Conducted through ERP

Target Audience

Second Year Civil Engineering Students

Total Number of Students Present: 50
