Site Visit to RMC Plant at GGSF campus

Date: 1st March, 2024

Venue: GGSF Campus

Event Schedule:

Date	Time	Description
01 Mar 2024	03:20 PM - 05:20 PM	

Dear All,

Title: Report on the Site Visit to the Ready-Mix Concrete (RMC) Plant at GGSF Campus

Objective: Investigation and Analysis of the Operations at the RMC Plant

Presenter: Dr. V.N. Kanthe

Key Focus: Ready-Mix Concrete Plant

Speaker: Avinash Kapse, Engineer from Ramgidas construction pvt.ltd

Objective: To provide firsthand experience of RMC plant operations, facilitating a deeper understanding of concrete production processes and industry standards.

Outcome: Increased awareness and knowledge about RMC production methods, quality assurance practices, and safety regulations among NBA India personnel. Strengthened partnerships between NBA India and RMC plant stakeholders for potential collaborations and projects.

PO Statement (Program Outcomes):

- Develop a comprehensive understanding of RMC production techniques and quality control measures.
- PO10-Establish effective communication channels between NBA India and RMC plant personnel.
- PO7-Identify opportunities for integrating sustainable practices and innovations into RMC production processes.

Target audience: SECE students

Total 25 student present
